9.	Annexure II (List of Trade experts)	43

During the one-year duration of Computer Operator and Programming Assistant (for Visually Impaired), trade a candidate is trained on professional skill, professional knowledge and Employability skill related to job role. In addition to this, a candidate is entrusted to undertake project work and extracurricular activities to build up confidence. The Broad components covered professional skill, subjects are as below:-

The trainee learns about safety and environment, use of fire extinguishers. He learns about trade tools, identifies computer peripherals, internal components, basic DOS commands, Windows and Linux interface and its related software installation process. Trainees will work with MS Office package to create word document, practice with excel sheet and get idea to create a good power point presentation, maintain database with MS Access. They will set up and configure a network system of an organization. They will understand and able to work on Advanced excel concepts. They will use internet to search information using browser along with official/ social communication process. Trainees will learn E-commerce system and will be able to browse, select and transact using different E-commerce websites. They will identify different type of cybercrimes now days and will be able to secure information from Internet by using cyber security concept. The trainees will able to use cloud for their projects. They will comprehend the basic programming techniques and can create algorithms and flow charts. Trainees will create basic static webpage using HTML. Trainees can go on industrial visit or projects specified in the syllabus. The trainee learns scripting language i.e. JavaScript and will develop dynamic webpage and hosting technique in a registered domain. They will be able to develop programs using Python.

2.1 GENERAL

The Directorate General of Training (DGT) under Ministry of Skill Development & Entrepreneurship offers a range of vocational training courses catering to the need of different sectors of economy/ Labour market. The vocational training programmes are delivered under the aegis of Directorate General of Training (DGT). Craftsman Training Scheme (CTS) with variants and Apprenticeship Training Scheme (ATS) are two pioneer schemes of DGT for strengthening vocational training.

"Computer Operator and Programming Assistant (For Visually Impaired)" trade under CTS is one of the most popular courses delivered nationwide through network of ITIs. The course is of one year duration. It mainly consists of Domain area and Core area. The Domain area (Trade Theory & Practical) imparts professional skills and knowledge, while Core area (Employability Skills) imparts requisite core skill, knowledge and life skills. After passing out the training program, the trainee is awarded National Trade Certificate (NTC) by DGT which is recognized worldwide.

Trainee needs to demonstrate broadly that they are able to:

- Read and interpret technical parameters/ documentation, plan and organize work processes, identify necessary materials and tools;
- Perform task with due consideration to safety rules, accident prevention regulations and environmental protection stipulations;
- Apply professional knowledge& employability skills while performing the job and repair & maintenance work.
- Check the job/ assembly as per drawing for functioning identify and rectify errors in job/ assembly.
- Document the technical parameter related to the task undertaken.

2.2 PROGRESSION PATHWAYS

- Can join industry as computer operator and will progress further as assistant programmer, programmer and can rise up to the level of senior programmer.
- Can become Entrepreneur in the related field.
- Can join Apprenticeship programme in different types of industries leading to National Apprenticeship certificate (NAC).
- Can join Crafts Instructor Training Scheme (CITS) in the trade for becoming instructor in ITIs.
- Can join Advanced Diploma (Vocational) courses under DGT as applicable.

2.3 COURSE STRUCTURE

Table below depicts the distribution of training hours across various course elements during a period of one year: -

S No.	Course Element	Notional Training Hours
1	Professional Skill (Trade Practical)	840
2	Professional Knowledge (Trade Theory)	240
3	Employability Skills	120
	Total	1200

Every year 150 hours of mandatory (on the job training) at industry, wherever not available then group project is mandatory.

On the Job Training (OJT)/ Group Project	150
Optional Courses (10th/ 12th class certificate along with ITI	240
certification or add on short term courses)	

Trainees of one-year or two-year trade can also opt for optional courses of up to 240 hours in each year for 10th/ 12th class certificate along with ITI certification, or, add on short term courses.

2.4 ASSESSMENT & CERTIFICATION

The trainee will be tested for his skill, knowledge and attitude during the period of course through formative assessment and at the end of the training programme through summative assessment as notified by the DGT from time to time.

a) The Continuous Assessment (Internal) during the period of training will be done by **Formative assessment method** by testing for assessment criteria listed against learning outcomes. The training institute have to maintain individual trainee portfolio as detailed in assessment guideline. The marks of internal assessment will be as per the formative assessment template provided on <u>www.bharatskills.gov.in</u>

b) The final assessment will be in the form of summative assessment. The All India Trade Test for awarding NTC will be conducted by Controller of examinations, DGT as per the guideline. The pattern and marking structure is being notified by DGT from time to time. **The learning outcome and assessment criteria will be basis for setting question papers for final assessment. The examiner during final examination will also check** individual trainee's profile as detailed in assessment guideline before giving marks for practical examination.

2.4.1 PASS REGULATION

For the purposes of determining the overall result, weightage of 100% is applied for six months and one year duration courses and 50% weightage is applied to each examination for two years courses. The minimum pass percent for Trade Practical and Formative assessment is 60% & for all other subjects is 33%.

2.4.2 ASSESSMENT GUIDELINE

Appropriate arrangements should be made to ensure that there will be no artificial barriers to assessment. The nature of special needs should be taken into account while undertaking assessment. Due consideration should be given while assessing for team work, avoidance/reduction of scrap/wastage and disposal of scarp/wastage as per procedure, behavioral attitude, sensitivity to environment and regularity in training. The sensitivity towards OSHE and self-learning attitude are to be considered while assessing competency.

Assessment will be evidence based comprising some of the following:

- Job carried out in labs/workshop
- Record book/ daily diary
- Answer sheet of assessment
- Viva-voce
- Progress chart
- Attendance and punctuality
- Assignment
- Project work
- Computer based multiple choice question examination
- Practical Examination

Evidences and records of internal (Formative) assessments are to be preserved until forthcoming year examination for audit and verification by examination body. The following marking pattern to be adopted for formative assessment:

Performance Level	Evidence
	Lvidence

(a) Marks in the range of 60 -75% to be allotted during assessment			
For performance in this grade, the candidate with occasional guidance and showing due regard for safety procedures and practices, has produced work which demonstrates attainment of an acceptable standard of craftsmanship.	 Demonstration of good skills and accuracy in the field of work/ assignments. A fairly good level of neatness and consistency to accomplish job activities. Occasional support in completing the task/ job. 		
(b) Marks in the range of above75% - 90% to be al	lotted during assessment		
For this grade, the candidate, with little guidance and showing due regard for safety procedures and practices, has produced work which demonstrates attainment of a reasonable standard of craftsmanship.	 Good skill levels and accuracy in the field of work/ assignments. A good level of neatness and consistency to accomplish job activities. Little support in completing the task/ job. 		
(c) Marks in the range of above 90% to be allotted	l during assessment		
For performance in this grade, the candidate, with minimal or no support in organization and execution and with due regard for safety procedures and practices, has produced work which demonstrates attainment of a high standard of craftsmanship.	 High skill levels and accuracy in the field of work/ assignments. A high level of neatness and consistency to accomplish job activities. Minimal or no support in completing the task/ job. 		

Computer Operator; operates computer and peripheral equipment to process business, scientific, engineering, or other data, according to operating instructions. Enters commands, using keyboard of computer terminal, and presses buttons and flips switches on computer and peripheral equipment, such as tape drive, printer, data communications equipment, and plotter, to integrate and operate equipment, following operating instructions and schedule. Loads peripheral equipment with selected materials, such as tapes and printer paper for operating runs, or oversees loading of peripheral equipment by Peripheral Equipment Operators. Enters commands to clear computer system and start operation, using keyboard of computer terminal. Observes peripheral equipment and error messages displayed on monitor of terminal to detect faulty output or machine stoppage. Enters commands to correct error or stoppage and resume operating run and reviews schedule to determine next assignment. Records problems which occurred, such as down time, and actions taken. May answer telephone calls to assist computer users encountering problem. May assist workers in classifying, cataloguing, and maintaining tapes.

Programming Assistant; installs, maintains and updates computer programs by making minor changes and adjustments to them under the guidance of computing professionals. Maintains and updates documents of computer programs and installations. Applies knowledge of principles and practices in the area of programming and computing in order to identify and solve problems arising in the course of their work. They may receive guidance from managers or professionals. May supervise other workers also.

Web Developer; Web Developer is responsible for designing and maintaining web-based applications that include static and dynamic content. This includes the design, layout and coding of a website. They may work standalone or along with application/functional developers as part of the overall solution that includes a web based component.

User Interface Developer; UI Developer is responsible for creating complex user interfaces for a variety of applications, such as computer programs, databases and websites.

Data Communication Analyst/Network Administrator; Data Communication Analyst researches, tests, evaluates, and recommends data communications hardware and software: Identifies areas of operation which need upgraded equipment, such as modems, fibre optic cables and telephone wires. Conducts survey to determine user needs. Reads technical manuals and brochures to determine equipment which meets establishment requirements. Visits vendors to learn about available products or services. Tests and evaluates hardware and software to determine efficiency, reliability, and compatibility with existing system, using equipment such as computer terminal and modem. Analyses test data and recommends hardware or software for purchase. Develops and writes procedures for installation, use, and solving problems of communications

hardware and software. Monitors system performance. Trains users in use of equipment. Assists users to identify and solve data communication problem. May write technical specifications to send to vendors for bid. May oversee or assist in the installation of communications hardware. May perform minor equipment repairs.

4. GENERAL INFORMATION

Name of the Trade	COMPUTER OPERATOR AND PROGRAMMING ASSISTANT (VI)		
NCO - 2015	4131.0600, 3514.0300, 2513.0101, 2513.0201, 2523.0100		
NOS Covered	SSC/N3022, SSC/N0503, SSC/N0501, SSC/N9402, SSC/N9403, SSC/N0305, SSC/N0901, SSC/N0922, SSC/N9405, SSC/N9406, SSC/N9407, SSC/N8115, SSC/N8116, SSC/N8117		
NSQF Level	Level-3.5		
Duration of Craftsmen Training	One Year (1200 Hours + 150 Hours OJT/Group Project)		
Entry Qualification	Passed 10 th class examination (Candidate should be Visually impaired)		
Minimum Age	14 years as on first day of academic session.		
Eligibility for PwD	Visually impaired		
Unit Strength (No. Of Student)	12 (There is no separate provision of supernumerary seats)		
Space Norms	60 Sq M		
Power Norms	5.5 KW		
Instructors Qualification	for		
1. Computer Operator And Programming Assistant Trade	B.Voc/Degree in Computer Science/ Computer Application/ IT from AITCE/UGC Recognized University with one year experience in the relevant field. OR Post Graduate in Computer Science /Computer Application / IT from UGC Recognized University or NIELIT B Level with one year experience in the relevant field. OR PGDCA from UGC recognized University or NIELIT A Level with two year experience in the relevant field. OR O3 years Diploma in Computer Science / IT from recognized Board/ Institute or relevant Advanced Diploma (Vocational) from DGT with two year experience in the relevant field. OR NTC/NAC in COPA trade with three year expreience in the relevant		
	field. Essential Qualification: Relevant regular/ RPL variants of National Craft Instructor Certificate (NCIC) under DGT. Note: - Out of two Instructors required for the unit of 2(1+1), one must have Degree/Diploma and other must have NTC/NAC		

Computer Operator and Programming Assistant (VI)

	qualifications. However both of them must possess NCIC in any of its variants.		
	For differently abled Students it is Preferable that the Instructor		
	should know the sign language.		
	OR		
	He/ She has to learn the sign language within six months of joining		
2. Employability Skill	MBA/ BBA / Any Graduate/ Diploma in any discipline with Two years'		
	experience with short term ToT Course in Employability Skills.		
	(Must have studied English/ Communication Skills and Basic Compute		
	at 12th / Diploma level and above)		
	OR		
	Existing Social Studies Instructors in ITIs with short term ToT Course in		
	Employability Skills.		
3. Minimum Age for	21 Years		
Instructor			
List of Tools &	As per Appeyure I		
Equipment As per Annexure-I			

5. LEARNING OUTCOME

Learning outcomes are a reflection of total competencies of a trainee and assessment will be carried out as per the assessment criteria.

5.1 LEARNING OUTCOMES

1. Install and setup operating system and related software in a computer following safety precautions. (NOS: SSC/N3022)

- 2. Create, format and edit document using word processing application software. (NOS: SSC/N3022)
- 3. Create, format, edit and develop a workbook by using spreadsheet application software. (NOS: SSC/N3022)
- 4. Create and customize slides for presentation. (NOS: SSC/N3022)
- 5. Create and manage database file using MySQL. (NOS: SSC/N8115, SSC/N8116, SSC/N8117)
- Install, setup/configure, troubleshoot and secure computer network including Internet. (NOS: SSC/N3022)
- 7. Develop web pages using HTML and word press. (NOS: SSC/N0503, SSC/N0501)
- 8. Develop web pages using Java Script. (NOS: SSC/N0503, SSC/N0501)
- 9. Create workbooks with advanced formulae, macros, charts, pivot tables and demonstrate ability to use Power tools. (NOS: SSC/N9402)
- 10. Browse, select and transact using E commerce websites. (NOS: SSC/N9403)
- 11. Secure information from Internet by using cyber security concept. (NOS: SSC/N0305, SSC/N0901, SSC/N0922)
- 12. Explain Cloud concepts & services. (NOS: SSC/N9405)
- 13. Write programs using Python / Java language. (NOS: SSC/N9406, SSC/N9407)

Note: -

• It will be the responsibility of Training Centre to impart training in addition to curriculum like Orientation, Mobility, Activities of Daily Living, total communication, use of assistive devices, adaptations for barrier free environment like staircase, lift sign board, ramp, instruments, psychology, sociology of behaviour and technology.

• Visually Impaired and other such Disabilities requiring support should be provided Writer (one standard below Trade Entry Level) during examination and given 30 Minutes more than the prescribed time. Please update trainer knowledge for advance techniques and treatment. All material should be in proper quality and quantity. For practical, chart with process must be required.

6. ASSESSMENT CRITERIA

	LEARNING OUTCOMES	ASSESSMENT CRITERIA
1.	Install and setup	Identify basic first aid and use them under different circumstances.
	operating system and	Identify different fire extinguisher and use the same as per
	related software in a	requirement.
	computer following	Assemble a computer.
	safety precautions.	Install and configure Windows OS.
	(NOS: SSC/N3022)	Install the printer and other peripheral devices.
		Install application software.
		Troubleshoot the PC.
		Execute DOS and LINUX commands.
		Customize Windows and LINUX OS settings.
2.	Create, format and edit	Create your resume using editing/formatting options in a document.
	document using word	Create purchase order using tables and images.
	processing application	Create magazine using columns page borders, header footers.
	software.	Create an invitation letter using mail merge for n invitees.
	(NOS: SSC/N3022)	
2		
3.		Identify Excel tools in the Ribbon.
		Create mark sheet using a spreadsheet with data validation.
	- .	Create a chart for the mark sheet.
	application software.	Create Pay slip using functions and formulae with sharing two
	(NOS: SSC/N3022)	different sheets/files.
		Create a table and Perform Sorting; filtering, Subtotal, validation and
		goal seek on a table.
		Prepare a pivot table on any existing table with data.
		Create a table and Perform Sorting; filtering, Subtotal, validation and
		goal seek on a table.
		Prepare a pivot table on any existing table with data.
4.	Create and customize	Create simple presentations.
	slides for presentation.	Create presentations with tables, images & graphic elements.
	(NOS: SSC/N3022)	Create presentations with audio & video elements with transitions.
5.	Create and manage	Create simple database on Relational Database in MySQL using data
		validation, filters, sorting, query.

	database file by using Import, Export, Link, Backup and Retrieve database in MySQL.		
	MySQL.	Create query with functions, joins, sub-query.	
	(NOS: SSC/N8115,		
	SSC/N8116, SSC/N8117)		
6.	Install, setup/configure,	Identify different cables and connectors used in networking.	
	troubleshoot and secure	Assign Computer Name and workgroup to a computer Prepare UTP	
	computer network	cross cable & connect computers.	
	including Internet.	Share a printer with Network.	
	(NOS: SSC/N3022)	Share Internet using Windows Tools.	
		Check Network connectivity.	
		Configure HUB & Switch.	
		Configure DHCP and firewall.	
		Secure Network with various tools.	
		Create E Mail ID and sending / receiving mails Perform text chat and	
		video chat using social network sites Configure Outlook Express.	
7.	Develop web pages	Create Text, Lists, Tables, and Frames with HTML.	
	using HTML, CSS and	Create Hyperlinks, Images and Multimedia Working with Forms and	
	Word press.	controls.	
	•	Create Lists and Tables with CSS.	
	SSC/N0501)	Create Box Model by using borders, Padding, and Margin with CSS.	
		Create CSS document by Grouping, Dimension, Display, Positioning,	
		Floating, Align, Pseudo class, Navigation Bar, Image Sprites, Attribute	
		sector).	
		Create simple static Web Pages using internal styles (CSS) and external	
		style.	
8.	Develop web pages	Design a dynamic Web Page in JavaScript using various operators.	
	using Java Script.	Design a dynamic Web Page in JavaScript using various control	
	(NOS: SSC/N0503,	statements and looping structures.	
		Design a dynamic Web Page in JavaScript using strings and functions.	
	, ,	Design a dynamic Web Page in JavaScript using Arrays and objects.	
		Design a dynamic Web Page in JavaScript using Web Forms and	
		images.	
		····••0	
9	Create workbooks with	Create workbooks with advanced functionalities in Excel.	
5.		Create advanced charts & Pivot Tables.	
	initias,		

macros, charts, pivot	Create output files using specific Power tool.
tables and demonstrate	
ability to use Power	
tools.	
(NOS: SSC/N9402)	
10. Browse, select and	Place order for products from E commerce websites for purchase.
	Upload a product in E Commerce site for sale.
	Identify security issues in E- commerce and payment operations.
(NOS: SSC/N9403)	
11. Secure information from	Provide firewall security for Internet connection and Network System.
Internet by using cyber	Make backup copies of important file, data and information.
security concept.	Secure your Wi-Fi networks using wireless security features.
(NOS: SSC/N0305,	
SSC/N0901, SSC/N0922)	
12. Explain Cloud concepts	Create cloud concepts.
(NOS: SSC/N9405)	Use common cloud services such as Office 365, Google Drive,
(11001000) 110100)	Dropbox.
	Identify the phases of Application Development Life Cycle.
	Describe Roles in each of phases of the Application Development Life
	Cycle.
13. Write programs using	
	Perform operations on Python / Java; construct simple code and
(NOS: Python- document these.	
	Perform Document code segments using comments and
330/11/240/1	documentation strings.
	Perform operations using in-built modules / libraries.

SYLLABUS FOR COMPUTER OPERATOR AND PROGRAMMING ASSISTANT (FOR VISUALLY IMPAIRED)				
DURATION: ONE YEAR				
Duration	Reference Learning Outcome	Professional Skills (Trade Practical)	Professional Knowledge (Trade Theory)	
Professional Skill 150 Hrs; Professional Knowledge 30 Hrs	Install and setup operating system and related software in a computer following safety precautions.	 Safe working practices Visit COPA Lab. of the institutes and locate the electrical connections with computer system setup. Identifying safety symbols and hazard identification. Practice safe methods of fire fighting in case of electrical fire. Use of fire extinguishers. Assemble a Desktop PC Identify computer peripherals and internal components of a desktop computer. Assemble components of desktop computer. Using Windows Operating Systems Introduction to Screen Reading Software. Keyboard orientation with Typing Practice. Practice on Windows interface and navigating windows. Practice on managing files and folders using removable drives. Customize the desktop Settings and manage user accounts. Work with keyboard 	 Introduction to Computers Safe working practices Scope of the COPA trade. Safety rules and safety signs. Types and working of fire extinguishers. Introduction to Computer components Introduction to computer system Concepts of Hardware and Software. Function of motherboard components and various processors. Various Input/ Output devices in use and their features Introduction Windows Operating System Introduction to operating System Main features of Windows OS Concept of various shortcut commands. Introduction to the booting process Introduction to various stypes of memories and their features. Basic Hardware and software issues and their solutions. 	

		 shortcut commands. 15. Print and scan document using different commands. Computer basics and Software Installation View the BIOS settings and their modifications. Install Windows operating system. Format hard disk and create partition. Identify and rectify common hardware and software issues during OS installation. Install necessary application software for Windows i.e. Office Package, PDF Reader, Media Player etc. Burn data, video and audio files on CD/DVD using application software. DOS Command Line Interface & Linux Operating Systems Use basic DOS commands for directory listing. Manage files and folders using DOS commands. Install Linux operating 	 Usage of Application software and Antivirus. Introduction to DOS Command Line Interface & Linux Operating Systems Introduction to basic DOS Internal and External Commands. Introduction to Open Source Software Introduction to Linux Operating System features, structure, files and processes Basic Linux commands.

Manage tables and table data	
52. Create and format tables	
Create excel tables from	
cell ranges	
 Apply table styles 	
Convert tables to cell	
ranges	
53. Manage tables and table	
data	
Add or remove table rows	
and columns	
Configure table style	
options	
 Insert and configure total 	
rows	
54. Filter and sort table data	
Filter records	
Sort data by multiple	
columns	
Perform operations using	
formulas and functions	

	55. Insert references	
	 Insert relative, absolute 	
	and mixed references	
	Reference named ranges	
	and named tables in	
	formulas	
	56. Calculate and transform data	
	 Perform calculations using 	
	AVERAGE(),MIN(),MAX()	
	and SUM()	
	 Count cells by using 	
	COUNT(), COUNTIF() and	
	COUNTBLANK()	
	Perform conditional	
	operations by using the	
	IF() function	
	57. Format and modify text	
	 Format text using 	
	RIGHT(),LEFT() and MID()	
	functions	
	 Format text using 	
	UPPER(),LOWER() and	
	LEN() functions	
	 Format text using 	
	CONCAT() and TEXTJOIN()	
	functions	
	Manage Charts	
	58. Create Charts	
	Create charts	
	• Create chart sheets	
	59. Modify charts	
	• Add data series to charts	
	• Switch between rows and	
	columns in source data	
	Add and modify chart	
	elements	
	• Add trend lines to chart	
	60. Format charts	

Professional Skill 60 Hrs;	Create and customize slides for presentation.	 Apply chart layouts Apply chart styles Add alternative text to charts for accessibility Manage Pivot Tables 61. Create Pivot Tables Create Pivot tables from cell ranges Manipulate fields (columns) to get desired analysis Use Filters for pivot tables Represent data as Count, Sum, Average & % of row / column Group data in Columns & rows for aggregate reports Power point Presentations 62. Open files in MS Powerpoint 	Power point Presentations Image editing, Dresentations
Professional Knowledge 12 Hrs		 Open MS Powerpoint Create a new Powerpoint file Create a new Powerpoint file from a template Open an existing Powerpoint file 63. Format PowerPoint Presentations Add slides Add titles and text Select slide layouts Add PowerPoint templates Duplicate slides 64. Modify slide masters, handout masters, and note masters 	 Presentations Introduction to Open Office. Introduction to the properties and editing of images. Introduction to different formats of images and their uses. Introduction to Power Point and its advantages. Creating Slide Shows. Fine tuning the presentation and good presentation technique.

To be selected either "Programming in Python" or "Programming in Java" as Elective Module for COPA.

COPA - E	lective Module -	- I Progra	mming in Python
Professional Skill - 70 Hrs; Professional Knowledge - 36 Hrs.	Write programs using Python language.	 Programming language (Python) Use Python from command line Install, set up the environment & run Python. Use Command Line and IDE to create and execute a python program. Perform Operations using Data Types and Operators Write and test a python program to demonstrate print statement, comments, different types of variables. Write and test a python program to perform data and data type operations, string operations, date, input and output, output formatting and operators. Determine the sequence of execution based on operator precedence. Control Flow with Decisions and Loops Construct and analyze code segments that use branching statements. 	 Programming language (Python) Introduction to Python History Features, Setting up path Basic Syntax, Comments, Variable Different Data Types Casting, string, Boolean Python Operators Conditional Statements Looping Control Statements, String Manipulation, Lists, Tuple, sets Dictionaries Arrays Iterators, modules, dates, math, Modules, Input and Output.

Industrial Training Institute Computer Operator and Programming Assistant (VI)

7. Construct and analyze code
segments that perform
iteration.
Document and Structure Code
8. Document code segments
using comments and
documentation strings.
9. Construct and analyze code
segments that include List
comprehensions, tuple, set
and Dictionary
comprehensions.
Perform Operations Using Modules
and Tools
10. Perform basic operations
using built-in modules.
11. Solve complex computing
problems by using built-in
modules.

COPA - Elective Module – II Prog			ramming in JAVA
Professional	Writing programs	Object Oriented Programming and	Explain the following:
Skill - 70 Hrs;	using JAVA.	JAVA Language1. Installing JAVA.2. Setting the Class path.	 Object Oriented Programming with Core Java
Professional Knowledge - 36 Hrs.		 Writing and Executing a simple JAVA Program to display "Hello". Demonstrate writing JAVA programs: Use of various data types in JAVA. Use of various operators in JAVA. Create and use of Local, Instance and Class variables. Read text from the keyboard using scanner class read text from the keyboard using 	 Java Programming features JVM, Byte codes and Class path Java Program Development Compilation and Execution of JAVA programs Basic JAVA language elements – keywords, comments, data types and variables. JAVA Arithmetic,

Industrial Training Institute Computer Operator and Programming Assistant (VI)

console class.	 Assignment, Relational, Logical, Increment / Decrement operators and expressions. JAVA String Operators JAVA Input and Output streams, System in, System out. Input using Scanner class and Console class methods.
IAVA Brogram Flow Control	
 JAVA Program Flow Control Demonstrate writing JAVA programs: 8. Use of the if and if else statements. 9. Use of the Switch statement 10. Use of the Do While and while – do loops. 11. Use of the For Loop. 12. Use of the Break and Continue Keywords. 13. Use of the JAVA Numbers Class methods. 14. Use of the JAVA Character Class methods. 15. Use of the JAVA String Class methods. 	 Explain the following: Decision making and flow control using ifthen, if then else, nested if, switch case and the conditional ternary operators in JAVA. Loop control flow using while – do, do – while loops, for loop, using the break, continue statements. Terminating the JAVA program. JAVA Number, Character and String Classes.
16. Create and use of arrays.	• Arrays in JAVA.
JAVA Classes, Overloading and Inheritance	Explain the following:
Demonstrate writing JAVA	• JAVA Objects, Classes
programs:	and Methods.
17. Create and use of simple	Passing data and
classes, objects and method	-
	,

in JAVA. 18. Pass data and Objects to	to methods. • Method Overloading.
Methods.	Method Overloading.Constructors and
19. Return data and Objects	Overloaded constructors.
from Methods.	Inheritance in JAVA.
20. use of constructors in JAVA.	Method
21. Create and use of	Overriding in JAVA.
Overloaded methods in	
JAVA.	
22. Override methods in JAVA.	
23. Create and use of Super class, Sub class in JAVA.	
Abstract Classes and Interfaces in	Explain the following:
AVA	Concept of Virtual
Demonstrate writing JAVA	methods.
programs:	 Concept of Abstract classes and methods
24. Create and use virtual	Features of Abstract
methods.	Classes
25. Create abstract classes and methods.	JAVA Interfaces and
26. Create interfaces in JAVA.	their advantages
27. Override methods in JAVA.	 Method Overriding in JAVA
28. Create and implement an interface.	Polymorphism in
29. Extend interfaces in JAVA.	JAVA
30. Create and use a package in JAVA.	 Creating, implementing and
Troubleshooting Java issues	extending interfaces
Download and Install Java, Check	Creating and using
and Verify Java Configurations, Test	Packages in JAVA.
Java, Remove Old Versions of Java,	
Find Java version, Always	
redirected to the java.com	
download page.	

Computer Operator and Programming Assistant (VI)

- a) Create and host a web site of at least 6 web pages using JavaScript & CSS containing interactive objects, functions etc.
- b) Create a project with Excel on Payroll Systems.
- c) Create a database with MySQL on Library management system.
- d) Create project in Python/Java programming language.

SYLLABUS FOR CORE SKILLS

1. Employability Skills (Common for all CTS trades) (120 Hrs)

Learning outcomes, assessment criteria, syllabus and Tool List of Core Skills subjects which is common for a group of trades, provided separately in <u>www.bharatskills.gov.in/</u> dgt.gov.in

	LIST OF TOOLS & EQUIPMENT			
C	COMPUTER OPERATOR AND PROGRAMMING ASSISTANT-VI (for Batch of 12 Candidates)			
S No.	Name of the Tools and Equipment	Specification	Quantity	
A. Trair	ees Tools/ Equipment			
1.	Desktop Computer	CPU: 32/64 Bit, 7 th Generation or higher, i3 or latest processor, Speed: 3 GHz or Higher. RAM:- 8 GB or higher, 1TB HDD/SDD, Wi-Fi Enabled. Network Card: Integrated Gigabit Ethernet, with USB Mouse, USB Keyboard and Monitor (as available in the market). Or All in one PC (with same configuration as above) Licensed Operating System and Antivirus compatible with trade related software.	12 Nos.	
2.	Laptop	4 th Gen Ci5 or higher Processor, 4GB RAM, 1TB Hard Disk, Win8/latest Preloaded Licensed OS, 2GB Graphics Card, DVD Writer, Standard Ports And Connectors.	01 No.	
3.	Wi–Fi Router	With Wireless Connectivity	01 No.	
4.	Switch	24 Port	02 Nos.	
5.	Structured cabling in Lab	To enable working with Wired Networks for Practical	As required	
6.	Internet Connectivity	Broadband connection with min. 2 mbps speed/Optical Fibre	As required	
7.	Registered Domain	At least 100 MB Web Space	As required	
8.	All in One printer	A4 size	01 No.	
9.	Digital Web Cam	High Resolution(3.1 mp or higher)	04 Nos.	
10.	DLP Projector/Multimedia Projector/Smart Interactive Board		01 No.	
11.	Projector Screen	matte(antiglare) screen	01 No.	
12.	Online UPS	5 KVA	1 No.	
13.	Crimping Tool	RJ-45	05 Nos.	
14.	Network Rack	4U for 24 port	02 Nos.	
15.	Digital Multimeters	3.5 digit hand held type.	04 Nos.	

Industrial Training Institute Computer Operator and Programming Assistant (VI)

16.	Screw Driver Set	Standard	04 Sets
17.	Mini Dongle for Bluetooth	USB	04 Nos.
	devices Connection		
18.	Headphone &mic. set	Wired	05 Nos.
19.	Sound System	2:1	01 No.
20.	External Hard Disk	1 TB	02 Nos.
21.	Patch Panel	24 Port	02 Nos.
22.	LAN Tester	UTP cat5 cable tester (RJ 45)	05 Nos.
23.	Punching Tool	for punching RJ 45 socket with cat 5 cable	05 Nos.
B. Soft	ware		
24.	MS Office	2010 (Academic) or the latest version	13 Licenses
		available at the time of procurement	
25.	Open Office or equivalent	Latest version	Open source
			software
26.	Python / Java JDK	Latest Version	Open source
			software
27.	GIMP or equivalent	Latest version	Open source
			software
28.	LINUX OS	Latest version	Open source
			software
29.	Web Authoring tool	WYSIWYG Web Authoring tool-	Proprietary
		Dreamweaver or Open Source tools like	/Open source
		Kompozer, Wordpress or similar tools along	software
		with FTP tools for ex. Filezilla etc.	
30.	E Commerce Simulation	Latest version	Open source
	Software		software
31.	Web Server	HTTP Web server / XAMPP or any other	Open source
		similar server	software
32.	MySQL	Latest version	Open-source
			software
	Of Other Items/Furniture		I
33.	Chair and table for the	As required	01 each(for
	instructor		class room &
			laboratory)
34.	Dual Desk or Chair and	As required	12 Nos.
	Tables for Trainees		
35.	Computer table/Work	As required	For 12
	benches		Computers

Industrial Training Institute Computer Operator and Programming Assistant (VI)

36.	Operators chair	As required	12 Nos.
37.	Air conditioner	As required	As required
38.	White Board	As required	01 No.
39.	Almirah	As required	01 No.
40.	Fire Extinguisher CO2	Arrange all proper NOCs and equipments from	
		Municipal/Competent authorities.	

The DGT sincerely acknowledges contributions of the Industries, State Directorates, Trade Experts, Domain Experts, trainers of ITIs, NSTIs, faculties from universities and all others who contributed in revising the curriculum.

Special acknowledgement is extended by DGT to the following expert members who had contributed immensely in this curriculum.

Programming Assistant (For Visually Impaired)			
S No.	Name & Designation Sh./ Mr./ Ms.	Organization	Remarks
